Professional Experience and Curriculum Vitae
Vicki Rice, owner of Artworks Design Studio has been working in the graphic design field for over 30 years. Vicki is a graduate of John Herron School of Art with a BFA in visual communications and photography. After graduation Vicki became the Art Director for Paul Harris Stores, a fashion specialty store in Indianapolis. In the 70's she worked with the Los Angeles- based design studio of Saul Bass and Associates to implement a new corporate identity for Paul Harris Stores. " To be able to have that year long learning experience with one of my favorite graphic designers, Saul Bass, and his design team was monumental to my logo design education. I was always drawn to the graphic design of Saul Bass growing up. I remember trying to emulate his "Westside Story" graphics into an album cover project I had in high school. Little did I know at that time he would influence my life in such a profound manner."

Vicki has designed logos, and graphic design projects for many clients over the years, some which can be viewed from the Artworks Gallery on the artworksdesignstudio.com website. Vicki is skilled in InDesign, Quark, Photoshop, Adobe Illustrator and Dreamweaver for website design. She also produces, shoots and edits small web videos for her YouTube Channel Artworks6710.
