Professional Experience and Curriculum Vitae

Will's career has spanned over 40 years working as a full time professional photographer and having had the enjoyment of starting each new day producing photographs has been a true gift. A majority of his work during the 40+ years was in the genre of Advertising and Marketing. Over the last 5 years he has appropriated more time to work on personal work.

Will is now focusing most of his time wandering off the beaten path. No matter whether it is a viciously cold morning before the sun peaks above the horizon or after the sunlight falls in the west, it is always the right time for a walkabout in search of a compelling photograph.
