Professional Experience and Curriculum Vitae

I'm a freelance illustrator and printmaker, working predominantly in linocut. All elements, from colour to text, are hand-rendered and i print on to textured mulberry paper, which gives my work a decorative, organic appearance. I've worked for a variety of clients both in the UK and abroad, with previous work including editorials, book and album covers, interior book illustration, public art and logo design.

Previous Clientele

PHD
YSC
