DIGITAL JUKEBOXES

Digital Jukeboxes

Digital Jukeboxes are the latest in jukebox technology, providing a new interactive element to usability.

- What if you were able to offer your clientele the latest track in an instant?
- What if you were able to offer a variety or venue specific genres to your client's music tastes?
- What if you were able to offer the latest tracks as soon as they are released?
- What if your users were able to download music on demand?
- What if you were able to offer music videos on your Jukeboxes?

With Digital jukeboxes, the interactive element of the digital age is here! Boast the latest jukebox, with new interactivity, and programmability. Set prices per day, to suit your trading profile.

Introducing our newest product on offer this year, the Icon Lite digital Jukebox. Features include :

- Programmable background music playlists
- High security steel cabinet construction
- Durable touchscreen
- Includes 10,000 pay per play tracks expandable to 40,000

This is our most competitively priced digital jukebox solution, feel free to contact us for a free quotation. Also on all of our jukeboxes, CD or digital, all jukebox PPL fees are included in your rental agreement as standard.
