## Professional Experience and Curriculum Vitae

If I didn't have a wife, I'd be happy living in a cardboard box, taking photos for fun. Some clients suggested I ditch my family to pursue such an endeavor, but I think it's 'cuz they like the idea of paying me in brownies. But, I do have a family & they love living indoors, and Tivo. OK, I like Tivo, too. And most of the time, I enjoy my family... enough that I should keep them around. In short, I need to get paid to take pictures, but I enjoy it enough that I'd do it for free if I could... which I can't. Take it up with The Mrs. if this causes a problem for you.
