Professional Experience and Curriculum Vitae

I respond to shape, line and texture. Look for the light to have a physical presence in my photographs.

I am impressed with detail, render it well, and believe it takes a sophisticated approach to reach a simple solution.

Collaborative problem solving is one of the things that makes my job interesting and enjoyable. Humor helps. A lot really. So does Photoshop, when used smartly.

Previous Clientele

Bose, Titleist, Dunkin Donuts, Jack Daniels, Fidelity Investments, D'Ambrosio Guitars, Alka Seltzer, Volkswagen, Jeep, Stanley, XM Radio, Golf Pride, Boston Magazine, Rockport

Awards and Accolades

My images have been recognized in mainstream commercial & industry-specific award shows and annuals, several times. In fact, I discovered that Lurzer's Archive has me ranked at 8th in the USA for number of campaigns reproduced in that magazine in the last 5 years, 30th in the world.
