Professional Experience and Curriculum Vitae

With many years experience as an industrial designer I have contributed to the success of a wide range of products including PA systems for Fender, test equipment for GE and Fluke, lighting for Philips and camera equipment for Vinten Broadcast. Other areas include consumer, laboratory, industrial and vending machines.

A SolidWorks user since 1998 with wide experience of prototyping and manufacturing techniques.

I have also built up links with many suppliers in the UK, US and Asia over the years. Experience of working with manufacturers in Australia, China, Hong Kong, Taiwan, Japan, USA, France and UK.
