Professional Experience and Curriculum Vitae

I'm a Boston native, artist, and author. I work almost exclusively in Microsoft Paint. My work has been featured on Microsoft's New England R&D blog, Business Insider, Yahoo News, DesignTAXI, complex.com, and The Telegraph. In April 2016 I self-published my first novel, CAMP REDBLOOD AND THE ESSENTIAL REVENGE. The book's cover, illustrations, and promotional work was created entirely with MS Paint. A special edition with new, full-colored illustrations will be released on e-readers in May, 2017. I am available for commissions.

Previous Clientele

Suffolk University, Patina (Mac App)

Awards and Accolades
