Awards and Accolades
I have high skills in drawing, anatomy, painting and color (since I've been working as illlustrator and concept-artist for a great number of projects during past years). I'm creative and perfeccionist, but also a good team-worker. I'm passionate about creating a new world from scratch, and above all, I believe in what I do, taking care of every projects much as I can.. I believe in what I do.

I rely on my skills to carry out my job as concept artist in videogames production, I know the production line perfectly, as well as the 3D tools needed (their advantages and fullfillings). I have knowledge of mapping, texturizing, rigging, animation...

Software: Photoshop, 3DSMax, Painter, Alchemy, Brazil r/s
