Professional Experience and Curriculum Vitae
I live on the West Coast of Tasmania.
A unique and beautiful place at the bottom of the world...
A land with a brutal history.
Of convicts, colonisation, miners, piners and isolation.
Mountain ranges, rain, forests, swamps and button grass plains.
Wild rivers, seas and arguments.
Long beaches, hidden bays and amazing indigenous flora and fauna. A place to get lost in... Or... to find yourself...
My passion is Photography. A search for Wild places. The people, their history and stories in isolated regions of Tasmania.
