## Awards and Accolades

### PROFESSIONAL SUMMARY

SENIOR UI/UX ARCHITECT and DEVELOPMENT Professional with world-class user interface and user experience design skills - developed and cultivated over fifteen years in the entertainment, education, insurance and high-tech industries.

Designed, architected and built full working prototypes of Warner Bros Web, iPad and iPhone applications (Called MMS 3) utilizing DHTMLX, jQuery, HTML5, CSS3, PHP, MySQL, Sqlite along with Xcode and Objective-C Frameworks. This is a high visibility application used by WB Top Executives and Movie Directors.

Developer of numerous high-profile web sites for MSN Entertainment including the Emmy Awards and "What's New on DVD". There I developed a "near expert" knowledge of utilizing CSS across every major browser, handling exceptions and best practices.

Architect and developer for CCMS – A system I designed at PureSafety for tracking product inventory and usage. Built utilizing PHP/MySQL/jQuery/HTML/CSS2+3.

Freelance, cross-platform, web designer and developer experienced in marketing and e-commerce sites, such as "Casa Kimball" <http://www.casakimball.com>.
