Professional Experience and Curriculum Vitae
“I was born in a town called Orkanger on the west coast of Norway, the land of the northern lights and long winters. This is where I draw a lot of my inspiration from, with its incredibly dramatic scenery.”

“In the past decade I have created high-end images for stock and commercial work, and some of my clients include Reebok, The Times London, Gilead, Bristol-Myers Squibb, Vodafone, Canon, and Warner Bros, while my work has appeared in prestigious photo publications such as Communication Arts, PDN, Graphis, APA Shows, and Graphic Design USA. Once a year the northern winds call upon me and I go back home and visit Norway, to feel the northern breeze and see the midnight sun.”
