Professional Experience and Curriculum Vitae

I am a Creative Digital Designer who writes a lot of code, just because I like to make interactive stuff. A loud gigs frequenter and a world citizen.

Previous Clientele

MTV, Diesel, GM/Opel, Virgin Holidays, GameStop, AldoShoes, Comedy Central, Maltesers, Daniel Martin Group, Disney, Bookashed, PR News Wire

Awards and Accolades

My career as an Art Director started in 1997 and few years later my passion for design and new technologies led me to the Internet world. Soon I became fascinated with Flash and its animation possibilities. As a hard-working person and a self-directed learner, I have dig deeper into Flash Design and Development by that time and achieved a high profile on Rich Internet Applications.

This expertise, always updated, gives me confidence to work in a creative and broad way to develop interactive projects for full Flash websites, HTML5 and lately Mobile Applications for Android and iOS, my new passion, including integration to social media, touch-screen devices.

Although gadgets and design grab a great part of my attention, I am also interested in traveling around the world, specially to get in touch with different cultures. That is why I am very proud and happy to say I have worked in projects to companies in many countries, such as USA, UK, Canada, Italy, Brazil, Spain and Argentina.
