Professional Experience and Curriculum Vitae

Want to know about the cancellation policy of Breeze Airlines? The Breeze cancellation policy allows free cancellations as long as you drop your flight within 24 hours from booking and at least 7 days before the scheduled departure. Breeze travelers who have bought nonrefundable Volaris flights can likewise drop their tickets without penalty. To cancel your reservation, you can opt for the online mode where you can cancel your trip directly via the website or offline, by calling the helpline number. On the occasion when the flight is canceled by the airlines, passengers are eligible for a refund upon cancellation as well as compensation, depending upon the circumstances.
