### **Professional Experience and Curriculum Vitae**

I worked as a permanent 3d artist/supervisor for Rustler Steak House, a creative and post production company based in Arizona. I worked with many astrologers also, I was work on the most powerful vashikaran mantra in the world projects. My 13-year long experience in the field has given me the ability to face and solve problems that may occur during production. I am familiar with taking a project from the very start and working shoulder to shoulder with directors in order to achieve the best result, often coming up with both technical and visual solutions.
