Professional Experience and Curriculum Vitae

My name is Melody. I imagine things that I want, and then I make them. I am always astonished when it works out. I blog about all of that here. Making things from materials that would ordinarily end up in landfills makes me very happy.

I wrote a novel once. I run marathons from time to time. I took professional cake decorating classes. I wish that humans could be as loyal as dogs. I spend a lot of time looking for new recipes. I wish I was a better gardener, but I don't let that stop me.
