### **Professional Experience and Curriculum Vitae**

I am working as an Accounts payable clerk in a Department Store company. I am a very confident and well presented individual at all times and also have public speaking abilities. I want to know about come back to me spell. I have a passion for management, and have succeeded in following through with this within small organisations and charitable events. Audiences have become segmented and crave meaningful content, thus I help to establish strategies that talk to sectioned audiences within a larger market.

### **Previous Clientele**
