Professional Experience and Curriculum Vitae

Through my paintings, illustrations, and photography, I seek to create imagery that draws the viewer into an ineffable sense of mystery and spiritual revelation. In my art and illustrative work, I want to make you long for what you most liked about fairy tales and what your most longed for magical and spiritual aspirations are.

I received a BFA from New York Institute of Technology in 1982. After a long hiatus during which I worked as medical editor, I showed from 2004 to 2006 and then went on hiatus again to complete a trilogy of fantasy fiction and also a nonfiction book on astral magic. I began a new series of paintings, with emphasis on digital expression, in 2015.
