Professional Experience and Curriculum Vitae

Creative PowerPoint presentation design. Creation of multimedia productions emulating Flash and video. The result is a production that costs about half as much, print-capable, conversion to pdf, Flash and Video for upload to Internet.

Cost-effective digital media collateral production. eBrochures, Fact Sheets, Sell Books and more. Client is provided final file for in-house update input. Print on quality stock on a laser printer to print as needed. Convert to pdf for edistribution.

Previous Clientele

We work with all types of businesses from start-ups to internationally reknowned speakers. Whatever your presentation need, we will be happy to review the project and provide you with an estimated quote and production timeline.

We work the hours needed to ensure timely delivery of our client's presentations. Nights and weekends are never a problem.

We travel to work on-site at client events. We are experienced at producing hundreds of presentations for a corporate event.

Awards and Accolades

Microsoft PowerPoint Presentation Design & Consulting Services

Custom-designed templates, creative concepts, graphics, images and more... resulting in a highly impactful, visual production.

Custom-designed templates incorporating business identity and branding...created with the user in mind for development of organized presentations in-house.

Multimedia

PowerPoint combined with film, video, and music as well as animated copy and images. Panoramic presentation designs, multi-screen performance, large-scale productions. Contact me for an example to see how high-end PowerPoint can be!

PowerPoint to Flash File Conversion

Third-party software implementation resulting in successful conversion of PowerPoint to Flash. The primary benefit of converting a PowerPoint file to a Flash file is the significantly reduced file size enabling web and intranet upload with seamless play. The Flash file is secure and protected from changes.

PowerPoint to Youtube

Take your presentation to the masses. PowerPoint conversion to Youtube allows you to upload all of your presentations to the largest free video sharing community on the Internet!

PowerPoint Files as Streaming eMail – No file attachments!

PowerPoint presentations converted into universal web-enabled Flash files... files that can be e-mailed with timely delivery, and without Postal shipping or handling costs. The file has no attachments, so rejected e-mail, extended download times, and software version compatibility issues do not apply.
