Professional Experience and Curriculum Vitae

Fine arts artist working with traditional methods and mediums of water color, oils and acrylic. Competent digital artist working with the GIMP. No limit to subject matter - living in nature as I do has influenced what I have been painting, which is mostly landscapes, flowers and animals.

I am currently inspired to work beyond the dictates of technique by embracing the needs and the limits of the materials I work with while allowing for the canvas to be filled. This is an on-going quest which now and then delivers a wonderful "happening".

Previous Clientele

Anne Keating, authoress of Invoke Africa - still to be published.

Durban Traffic department - designed their logo

Jsent - software developers - logo

Fairy Realm, Hogsback - marketing material including business card, flyers and posters

Fine Feathers - logo and posters

Awards and Accolades
