Professional Experience and Curriculum Vitae

Now professing as a freelance graphic/web designer, I used to work as a full time motion graphic designer for a TV station, art director for an Advertising Agency and lecturer for a Singapore based design institution. I have 8 years professional experience in this design industry. My skills range from creating identity, packaging and campaign for a brand/company, motion graphic/2D animation, to interactive presentation, such as website. I am ready to take any project-base or design-base contract.
