## Professional Experience and Curriculum Vitae

DNA is a creative design studio from Buenos Aires, Argentina. We specialize in creating custom Web Design & Development, Graphic Design, Brand Development, Online Marketing and SEO as our core services.

Through years of innovation and exploration in the digital medium since our beginnings as a small and dynamic studio in 2003, we continue refining our expertise in Web Design, Web Development, Graphic Design and Brand Development with the same spirit.

Maintaining what is important for us in order to leave our mark on every single project: creativity, quality of work, curiosity, dynamism, always with our feet on the ground and understanding of the different needs required on each project.

DNA also collaborates with agencies providing our expertise, to achieve success with their clients.

We will collaborate with your agency to achieve client goals, bringing innovation and full integration to your projects.
