Professional Experience and Curriculum Vitae

I studied Industrial Design at Middle East Technical University. After some design agency and teaching experience in Istanbul, I relocated to New York City. I lived in NYC for 6 years doing interactive design full time and painting on the side. Currently I live in VA and work in my home studio.

I explore human emotion mainly through female faces and expressions. I use acrylics, watercolor, ink, pen, pastels and pencil then finish the drawings digitally. Please say hello and give feedback. Thanks!
