Professional Experience and Curriculum Vitae

We at Step One Graphics and Publishing design a wide range of business and marketing print materials for advertising agencies, marketing arms, and publishing institutions.

And because we believe in the vision and drive of small business owners and social entrepreneurs, we especially offer our services to those who are starting a business, running small-to-medium scale enterprises (SME), and businesses with a strong sense of corporate social responsibility. We want to help you create that top-calibre, professional image for your business, at a cost that serves your budget.

If you are starting a business, running an SME or engaged in social entrepreneurship, we'd love to partner with you!
