**Professional Experience and Curriculum Vitae**

A lifelong passion for animals and true love and focus on canines has led me to creating realistic miniature replicas of peoples pets. My original unique technique for creating soft sculptures that are not needle felted or hard clay creates a realistic piece of artwork. A keen focus on memorial pieces often incorporating the real pet's fur offers the owner a forever three dimensional representation of their beloved pet.

**Previous Clientele**

Please kindly get in touch for more information.

**Awards and Accolades**

A lifelong passion for animals and a true love of cainines has led me to creating realistic miniature replicas of peoples pets. My original unique technique for creating my sculptures keeps them soft without needle felting or clays of any kind. A focus on memorial pets often incorporating the real pet's fur in the piece offers owners a option to keep their beloved friend in a three dimensional way forever.

**Awards and Accolades**

International Publications
Sold all over the world my animals are in 17 countries.
