Professional Experience and Curriculum Vitae

Hi. I'm a freelance illustrator working from a home studio just outside the Peak District in England. I've been working as an illustrator for 5 years or so, having also done my time as a web-designer and photographer's assistant. Recently I have found myself moving away from digitally created illustration in order to create work that I find more fulfilling and authentic. Most of the illustrations in this gallery are created by linocut and drypoint etching.
