## Professional Experience and Curriculum Vitae

I am an artist with a main focus in character design, concept art, and illustration,

but I am always interested in other forms of art like graphic design, web design, comic art, etc.

I enjoy working with colors and trying out different techniques to create images that express character and mood

I have also worked on numerous freelance commission projects. I enjoy designing, drawing, and

painting in my spare time, and am always looking around for inspiration
