Nature's Playground

Towering Oak trees, sun dappled grass, a golden carpet of leaves, vibrant wildflowers and a rich abundance of unique and rare organisms, in many, this is Pinery.

Pinery Provincial Park contains much of the remaining old-growth woodland to be found in North America. Explore this unique ecosystem, along park roads, trails, beaches or quiet reaches of the Old Annapolis Channel. The panoramic view from Lookout Point is a beautiful outdoor retreat, offering Lake Huron to Blue Sky views on the horizon.

Whether you want to enjoy the outdoors, along a trail, the water in the Old Annapolis Channel, only along the lake shore, or close across deep water on a ski boat, Pinery is a special place year round.
