Professional Experience and Curriculum Vitae

Hey! I'm Dylan.

I'm a Communication major and a self-taught illustrator. I love typography, and dabble a bit with photography. I started out with vectoring portraits in late March 2011 as practice. But before that, I was doing little projects here and there already, mostly with photo manipulation. Lately, I've been doing a lot of abstract illustrations. I'm always trying out different styles to make sure that my projects look fresh. Check out my work if you can, Cheers!
