Professional Experience and Curriculum Vitae

Creative design studio specialized in design & communication for kids, e-glue uses to work with advertising & communication agencies, architects, editors, etc...

The e-glue team launches in 2006 their own products aimed at giving a contemporary view to the world of accessories & decors for kids. Considering space as a blank page, e-glue brings illustration for kids to life with a range of contemporary graphic designs featuring favourites such as savanna, jungle, pirates, underwater world, train, robots, princesses, dinosaurs and many more !
