Professional Experience and Curriculum Vitae

I have a self driven, motivated personality, that thrives on the desire to learn more. I am constantly pushing my self into new design programs that I can leverage to make my work even more engaging. I have a clean design esthetic both visually and conceptually. I will always consider my main role to be a graphic designer. However I am also skilled in web design, 3d modeling / rendering and photography.

Previous Clientele

Cagiva, Husqvarna, MV Agusta, Teva Pharmaceuticals

Your Source
for High Quality,
Affordable Medicine

Teva is the largest manufacturer of generic medications in the U.S. and worldwide. We provide the broadest generic product line in the U.S., with nearly 400 drugs covering categories such as antibiotics, antidepressants, acid inhibitors, anti-inflammatory medications, anti-diabetics, oral contraceptives, and statins.

Teva's top priorities are the safety and effectiveness of our medications and the health of our patients. We produce life-saving drugs at a tremendous value to consumers—making quality healthcare accessible.
