Professional Experience and Curriculum Vitae

My name is Emily Keller and design is my hustle. I live and work in Louisville and have over eight years of experience in various fields of design. I love creating for all aspects of design and really enjoy a hands-on approach. I am happiest when I am buried deep in my work and handling several projects at once.

I love the elegance of print and the freshness the digital world provides. With a skill set to match both, I am a versatile designer that can meet the needs of any client.

Previous Clientele

GE, Graco Baby, TJX - Homegoods, Check 'n Go, University of Louisville, AMPAC
