### **Professional Experience and Curriculum Vitae**

I am working as an internist and I work in medical offices, clinics, and hospitals. An internist may work independently as a solo practitioner and owning and managing his or her own practice, or an internist may also partner with other physicians to form a group practice in which the doctors each have partial ownership. In my free time, I write blogs on girl vashikaran mantra. I believe in astrology and it helps a lot in my life.
