## Toxic VS Natural Cleaners

Did you know that children living in homes cleaned with bleach are 20% more likely to get a respiratory infection.

Other surprising facts: parents who clean their homes with bleach of more than 30,000 children from 17 states, Spain, and the Netherlands, researchers see that using this detergent may have adverse effects on school-age children's health.

Here is the increasing risk of respiratory and other infections in children aged 6-17 years:

Infection Type	Risk Increase
Influenza	20%
Respiratory	19%
Any kind of infection	35%

Since 1950, at least 20,000 new chemical substances have been invented and dumped into our environment. Only a part of these have been tested for human toxicity. We are by default, conducting a massive chemical toxicology trial on our families and children on the *experimental animals*.

Synthesized chemicals are found in soap, floor and drain cleaner, in laundry and carpet detergents.

### Benefits of using Natural Sterilization Products

Organic disinfectant is cheaper.

They are much healthier for you and your family because their detergents contain natural items.

Natural disinfectants can effectively kill bacteria, salmonella and E. coli.

These cleaners can be easily made at home by yourself!

#### Did you know?

- Lemons are nature's best disinfectant!
- White vinegar is the perfect home cleaner.
- Essence peels can polish leather shoes and clear shower floors.
- The bedding needs less shocking soaps for decontaminating properties.
- The water seals on wooden furniture can be removed with soapwater.

#### How much time do you spend on domestic activities each day?

Gender	Between 00:00 and 01:00	From 01:00 to 07:00	Between 07:00 and 08:00	From 08:00 to 09:00
Men	~10 min	~15 min	~10 min	~5 min
Women	~20 min	~25 min	~15 min	~10 min

We spend a lot of time doing our household chores. So use natural cleaners to protect your skin and the environment.

Helping our business:

- 100% Eco-friendly and safe for the environment.
- 100% Biodegradable and non-toxic.
- 100% Natural and safe for children and pets.
- 100% Effective and long-lasting.
