Professional Experience and Curriculum Vitae

I'm a graduate of Interior Architecture at Edinburgh Napier University, looking to work for an Architectural or Interior Design practice with a view to furthering my experience and working towards further qualifications in my field.

I've achieved a First Class Honours Degree, and have a good working knowledge of Architectural Design, Tectonics, Aesthetic Theory, Design & Business, Urbanism, Modernism and Lighting Design.

I enjoy working closely with both clients and colleagues, and understand the importance of building strong business relationships. I'm a confident and personable communicator, with extensive verbal presentation experience in the workplace and in study.
