Professional Experience and Curriculum Vitae

I am a graphic design student at Boston University College of Fine Arts. I will graduate in May 2012 with a BFA, and a minor in Art History. I also have a strong concentration in writing. I have held professional internships in creative services, editorial design, and branding. I am accustomed to a fast-paced, deadline driven environment and have strong interpersonal skills. I am confident in my skills as a designer, writer, and overall creative thinker. I am seeking to find a job in editorial design in New York City upon graduation.
