Professional Experience and Curriculum Vitae

Founded in Chicago in 1978, Esrock Partners is a full-service marketing, advertising and public relations agency for the non-commercial food service industry.

Today everyone is connected and word goes viral faster than you can blink. The Esrock team is plugged in to the new reality and works the streets to deliver a balance of hard-hitting strategies and breakthrough creative.

We're 33 years old going on one. That's because in this ever-changing digital world, we know it's important for your agency to use the latest tactics and transform street-level insights into powerful messaging.

Let us help you develop marketing "social" skills and a custom digital program that will steer, push and direct your customers to log on and take notice of your brands.

Previous Clientele

Tyson K-12
McCain Foods
Newlywed Foods
Perfect Iced Coffee
Advantage Waypoint
