Awards and Accolades

Simon Morris Associates design consultancy has built effective worldwide partnerships with architectural firms, developers, museums and private clients with the design emphasis on detail and quality.

With a multidisciplinary team of professionals we blend strategic knowledge, fresh ideas and cutting-edge technology to create environments and brands that connect with people.

Simon Morris Associates design studios provide pioneering new eco friendly technologies (energy saving measures) that meet the needs of tomorrow into every design.

Working in a team environment we maintain a balance that enables us to handle projects varying greatly in scale, diversity and scope.

Our innovative designs continually push the envelope to deliver effective memorable solutions which: communicate, influence, relate, engage, provoke, inspire, excite, relax and educate.

Our experience, excellence in design and attention to detail proves invaluable to the client.
