Professional Experience and Curriculum Vitae

My name is Farah Aria and I am an Art Center College of Design graduate with a degree in Illustration. I specialize in whimsical and multicultural art, illustration and writing for children ~ I have been published in magazines, and newspapers, have created art for several books and educational projects, as well as, greeting cards, covers for DVD's, CD's, brochures, art for posters, logos, character design for animation and web illustration. I am currently working on my own original art projects while freelancing in children's illustration, and starting my own brand for licensing.

Specialties:

Illustration for women's and children's magazines, educational materials, board books, children's books, posters, web illustration, cd covers, greeting cards and products.
