I am a mom of two beautiful children and wife to a wonderful husband.
I had always worked outside my home. But that ended in July 2007, when my youngest was diagnosed with Autism Spectrum Disorder/ADHD.
We were lucky in that she was still functional, but she still needed help, so it was decided that I would have to be home full time. This can be costly these days, living off of one income, so I took to the internet..
I had always been crafty, as my sister would say, but I had never sold anything before. I just didn't have the items or the know how to do it. Then I discovered Needle Felting. This was an artform that I could do. So I bought a kit. I made that kit. Then I put it aside and didn't look at again for 2 yrs :)
In March 2010 I discovered it again! See the problem was, where I live in Barrie, Ontario, Canada, there are no needle felting suppliers, so I couldn't get any supplies until I found a wonderful group of suppliers on the internet. Once I was stocked up and ready to go I made some things and they sold!!
Well, FibreHeart was born. Why Fibreheart? Well, it's simple. All things Fibre, made from the Heart. That's how I feel whenever I make a sculpture and that's how my clients should feel when they receive it.

Thank you for visiting and I hope you can enjoy Fibreheart as much as I do.
