## **Professional Experience and Curriculum Vitae**

blurb.com..... my book is "the art of Stanley Grosse" If you go on blurb.com,, and type in the title, you can turn page by page. This is my biography

I have a Masters plus, in painting. I taught Art for 35 years in the San Francisco Bay area. I did my Masters in painting in Mexico and had three sabbatical leaves, England, Mexico, all of Europe and most of Morocco. I also spent time in Japan. All of these travels and investigations into the lifestyles of these peoples have brought me Great amounts of information that I've used in my work. The Japanese culture has literally changed my way of thinking and influenced my art forever.

My weakness is the computer, although I do a lot of work on the computer downloading photographs on to sites like yours is somewhat of a challenge. I will work on it and see what I can come up with. In the meantime, check out my book/ biography online, and turn page by page. Aloha

## **Previous Clientele**
