Professional Experience and Curriculum Vitae

My Favorite colour is.....French blue!

It's the colour of the sky during a European summer.

If I could be something different...I would be paint on the end of a brush!

Imagine for a moment to feel the energy and passion that is formed at that very moment the medium touches the paper.....!!!

.... to "feel" the strokes of each brush mark....

.....to "taste" the colours as they merge into one another

.....to "hear" the sounds of the colours as they blend into new ones.....

If I could be,.....the space between the brush and paper..... at that very moment when creation is about to begin!!....i would be complete!...

until then, i strive to feed and nurture the gift of my 6th sense....that i call "creativity".....!!!
