Professional Experience and Curriculum Vitae
When working with Fresco you will be dealing directly with our co-founders and Directors, Louise Formosa and Triscia Ambrosini, along with our account manager Dominic de Beaujeu and the designer assigned to your project. The Fresco team will give you all the passion and experience they have acquired from having spent over two decades driving the creative studio in graphic design, media buying and brand strategy.

As a group of creative graphic designers, digital advertising gurus, photographers, copywriters and illustrators, the talented team at Fresco Creative will be at your service from that original spark of an idea through to full implementation. Working with our small team means that you can work one-on-one with your designer and receive a well-focused, personalised approach to your project.
