Professional Experience and Curriculum Vitae

I love to make people smile & laugh. Handmade items are one of my passions.

Nothing is better than to see people enjoy what my crafting obsession produces.

Handmade quilts, fabric envelopes, fabric kitchenwares, wearable art and many other decorative and functional items to make your person and house feel warmer and look more beautiful! All my products are hand-lovingly made in a smoke-free environment. Cotton and Quilting Fabrics are pre-washed with scent-free laundry detergent.

Previous Clientele

I primarily sell my items on Etsy at FromMelindasAngle and SoWhimsical, but I hope to have my own shopping cart capability on my own website: www.FromMelindasAngle.com.

I have stores on Amazon, eBay and accounts in Flickr, Facebook and Pinterest all under the account name of FromMelindasAngle as well as many others.
