Professional Experience and Curriculum Vitae

B'MORE living in BKLN

From birth I was steeped in Baltimore's unique eccentric sophistication. My huge southern family - North Carolina thankyouverymuch - instilled me with a sense of propriety and Baltimore did its best to subvert it. The balance between those worlds informs my art, my sense of humor, and my work ethic (which is really good, promise). So c'mon, call me. I'm really fun. Really.
