**Professional Experience and Curriculum Vitae**
From my 20 years of experience as a business entrepreneur and photographer, I have acquired the important skills to be an integral part of a creative team. Scheduling, coordination, collaboration, marketing, communication, digital photography, Photoshop specialist, extensive travel and team management have been the mainstay of my business.

**Previous Clientele**
Kingston Technology, Smart & Final, Ayres Hotels, Coldwell Banker/Previews International, Vans USA, CBS Radio, Blue Cross of California, Targus, Inc.

**Awards and Accolades**
2001-2011 Location, Hadel Productions
Seeking a new inspiration for my career, I moved from a studio setting to concentrate on location photography for magazine and fashion clients. I have traveled extensively from coast to coast shooting in California, Florida and Costa Rica for websites, magazines and swimwear clients. Commercial clients include: CBS Radio, Vans USA, Coldwell Banker, Del Taco, La Salsa Restaurants, OCTA, and Taylor Woodrow.

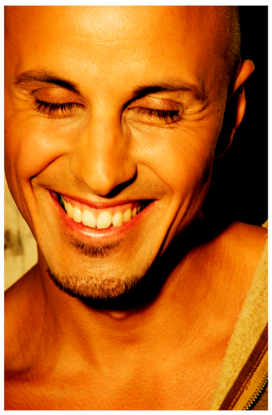

1993-2001 Studio, Hadel Productions
In 1993, I started Hadel Productions and for the next 8 years pursued product and corporate photography. That same year I opened my first commercial photo studio and worked for many Fortune 500 companies including Microsoft, Hewlett Packard, IBM, Carl's Jr Restaurants, Smart & Final Stores, American Airlines, Targus Inc, Blue Cross of California, and Kingston Technology. I had the good fortune to experience a variety of photographic work from mall catalogs to annual reports. I have coordinated photo shoots with clients, assistants, makeup artists, location scouts and modeling agencies to produce the finished product.
