Professional Experience and Curriculum Vitae

TUUDZ GRAPHICS by gilliandesigns has been in business since 2008. I am the owner and artist, my education derived as an art student at the Des Moines Iowa art center for young and aspiring artist. I received a six year art scholarship. My passion is in illustration, cartoon, painting and drawing and advertising! I love to bring art to customers who want original and colorful pieces, rather it be personal drawings, greeting cards, business logos, original painting or cartoons. My inspiration comes from everything God has created on this earth.
