Professional Experience and Curriculum Vitae

A new global, 360° Graphic Design Concept was born in 1993 in Padua (Italy) from the ten-year experience of a young Creative, returned from the United States with Fresh and Innovative ideas, wishing to create new synergies between buyers and suppliers, in order to achieve ever unique and inimitable communication means.

Our 3D Popup kirigami postcards are an Elegant and Refined article, Ideal for every occasion, Unique of its kind thanks to the original Three dimensionality.

The study and attention to detail, as well as the high quality materials used for their production make them an Exclusive and Distinguishing item, too.

They can even be mailed without the envelope because of their innovative closure device.

They are sold in the main World Art Cities as Rome, Venice, Florence, Padua, Verona, London, Bruxelles, Tokyo, New York etc.

But we don't make only 3d popup cards with monuments...

On clients requests and so as to satisfy each specific requirement, we indeed create various three dimensional subjects, from the Trademark and/or Firm Logotype to the Industrial Product needing advertisement (this is ideal in case of exhibitions), from the Boutique to the prestigious Shop Window... And furthermore Famous Hotels, VIP Private Clubs, Historical Houses, Renaissance Villas as well as Medieval Castles...

Each subject can be realized with several kinds of paper and in different dimensions, it can be printed in one or many colors according to the specific needs. This way we offer an unlimited range of possible combinations, that is a really unique and inimitable product.

Our 3D Pop up kirigami postcards are 100% Made in Italy.
