Professional Experience and Curriculum Vitae

... an irresistibly strong desire
or an impulse to travel far away,
and explore different places, fashion, flavours, or ... !
... just about anything that is happening !
... A happening is a performance, event or situation meant to be considered art, usually as performance art.
Happenings take place anywhere,
and are often multi-disciplinary, with a nonlinear narrative
and the active participation of the audience.
Key elements of happenings are planned,
but artists sometimes retain room for improvisation.

This new media art aspect to happenings
eliminates the boundary between the artwork and its viewer.
Henceforth, the interactions between the audience and the artwork makes the audience, in a sense,
part of the art.
In the late 1960s, perhaps due to the depiction in films of hippie culture,
the term was used much less specifically to mean any gathering of interest,
from a pool hall meetup or a jamming of a few young people to a beer blast or fancy formal party.
... we try to help you make each day an happening !!
... we would much appreciate your comments and participation!
