## Professional Experience and Curriculum Vitae

15 years broad experience to any design project. As part of the design and production team at Thrifty Foods grocery chain, Doug spent 9 years working in a fast-paced environment with strict deadlines, handling high-volume, large-scale projects for a variety of marketing campaigns: flyers, flash animation, and design and coordination of packaging.

As both an accomplished photographer, and a professional graphic designer, he provides clients with complete, seamless service—from initial concept straight through to production.
